

DIRECTORATE OF TVET

- The University is offering courses accredited by Technical Vocation Education and Training Authority (TVETA).
- Programs offered at MUST are courses developed by TVET Curriculum Development, Assessment and Certification Council (TVET CDACC).
- TVET courses offered in MUST are Competence Based Education and Training (CBET) programs.
- TVET CDACC (equivalent to KNEC) is therefore the external examination body while MUST is the internal examination body. In the context of CBET, examinations shall be called 'assessment'.

- All Diploma (level 6) courses will take 2 years of 6 terms while a Certificate (level 5) courses will take 1 year of 3 terms (trimesters).
- TVET graduates are considered to be competent when they are able to apply their knowledge and skills to successfully complete work activities/workplace.
- The University is well-equipped with facilities in all courses to enable you attain the required competencies within the period of the course. The University has also partnered with other TVET institutions and the industry to supplement on existing facilities.

- All TVET courses offered in MUST are list in the University Website for those interested in changing courses.
- In TVET at MUST we train knowledge, skills and more importantly a change in attitude.

Finally, may I wish our cherished students success in their journey of acquiring unrelated competencies in the various fields you have enrolled here at MUST.

Thank you
